

# FOOTIE KIT CREATOR

## TEAM KIT

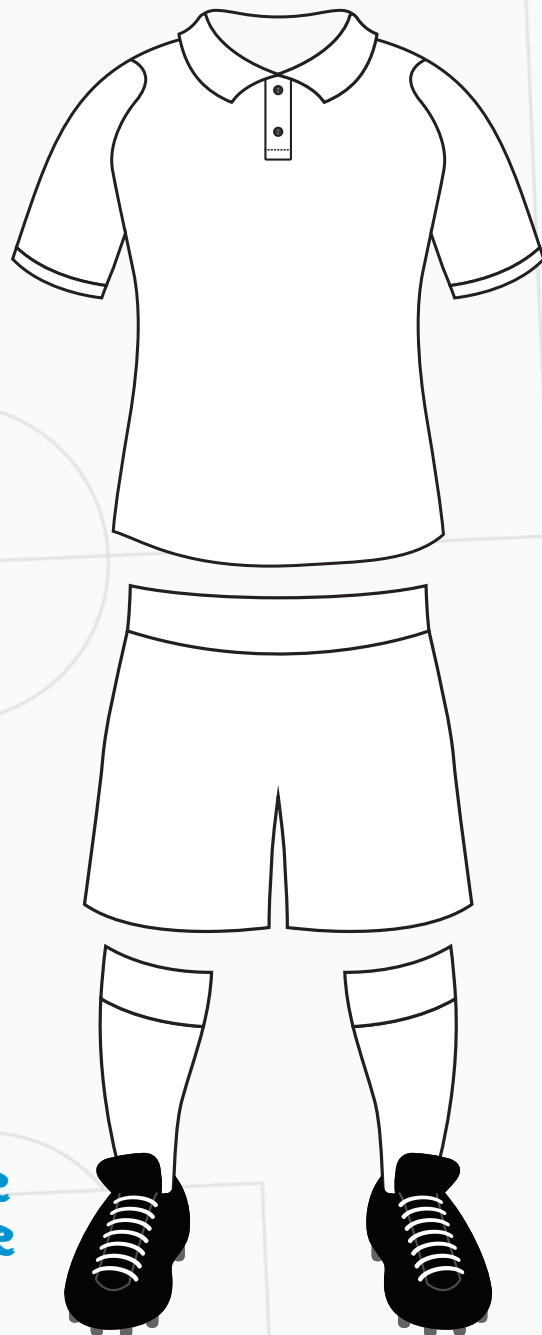

You and some friends have decided to start a new school football team.

You are in charge of designing the new football kit for home play.

Have a look at some of the premier league football strips.

What do you notice about them?

What have they all got in common?

## TEAM BADGE

Can you design an eye catching kit and badge for your team?

## EXISTING KITS

# TEACHING NOTES

## OBJECTIVES:

- To explore ideas and collect visual and other information to help develop work

Cross Curricular Links: PSHE, RE

## RE & PSHE:

When talking about different symbols in religion, talk about different communities around us and what symbols we may have to represent that community, for example school shield, flags, teams, football badges etc.

Look at the football strips on the worksheet or get children to bring in football strips from home.

Things to look out for:

Different football badges - what do the pictures/writing represent?

Sponsorship deals

Colours and patterns

Numbers and names on back

When children are designing their football badges encourage them to think about what it will have on it and what their image represents.

To finish off they could display their work and a new school strip could be chosen! Encourage children to evaluate their own work and that of others.
